### ABOUT THE PROGRAM

In mid-March arts, culture, and heritage venues were closed in an effort to reduce the spread of the COVID-19 virus. This pandemic exposed the challenges of arts organizations and artists in the region including earned and unearned income and robust cash reserves. Combined with the fact that the arts are all about social gathering, our arts providers will be some of the hardest hit from the COVID pandemic.

CNY Arts Resiliency Grants are designed as a rapid response regrant program that will support Central New York and Mohawk Valley nonprofit arts organizations and individual artists as they recover from COVID-19 shutdowns and/or find innovative ways to deliver services and provide relevant and high-quality arts and culture to the community. Funds are raised by CNY Arts via individual, corporate, and philanthropic sources.

### REVIEW CRITERIA

Funding is limited; all applications must be in compliance with these published grant guidelines and will be evaluated and scored competitively based on the criteria listed below:

- 1) Qualitative and quantitative impact of COVID-19 on the organization's operation and ability to deliver services and programs,
- 2) Organizations that demonstrate history of artistic programming, thoughtful community impact, and a track record of success in Central New York and the Mohawk Valley,
- 3) Commitment to the meaningful and ongoing engagement with CNY and MV communities, connecting audiences to accessible arts, culture, history, and heritage opportunities, and

- 4) A plan to use the funds that will have a positive impact on an organization's ability to survive COVID and look to a long-term future (i.e. skeletal staff on board, virtual arts programming, fundraiser, etc.).
